AVEN | Tools for Advancing Innovation

V1-09-2018

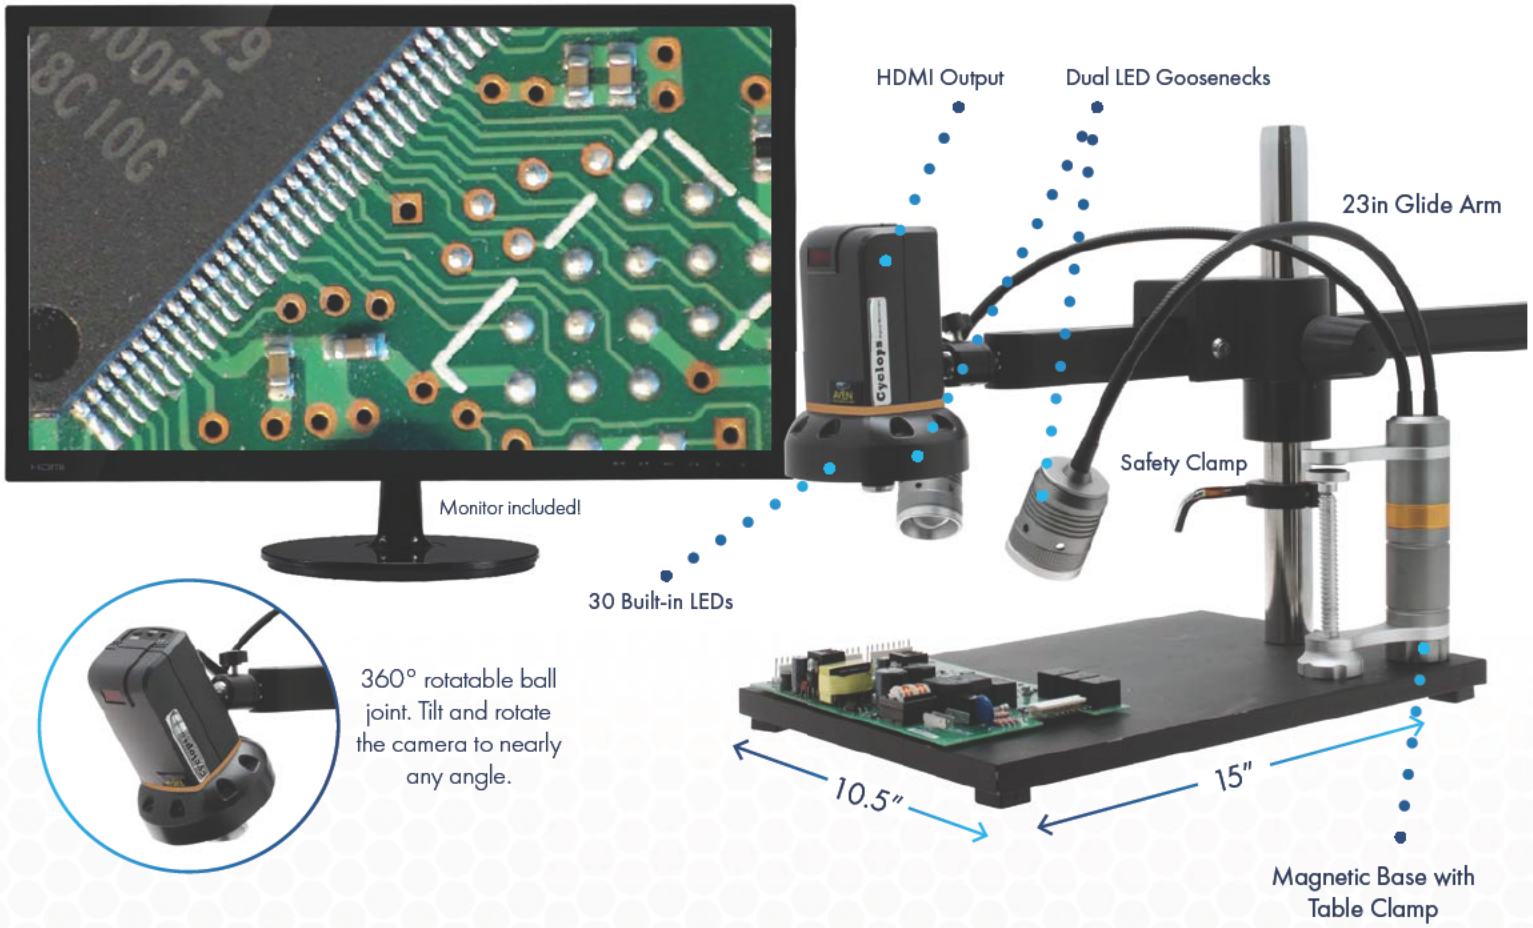

HDMI Output | 1080p Signal

High Magnification | Up to 132x

Ultra-Glide Arm Stand | 23in Arm

Cyclops HDMI Digital Microscope

with Ultra-Glide Arm Stand

Effortlessly Inspect Large Objects

Aven's Ultra-Glide Arm Stand System is ideal for inspecting parts over a large surface area. The ultra-glide arm stand provides smooth motion along its 23in length, allowing for easy scanning. This system features Aven's Cyclops HDMI Digital Microscope with built-in HDMI output capabilities, providing crystal-clear 1080p images directly to the monitor, no computer required. A large working distance and 30 LEDs allow examination of sizable objects. Magnification ranges up to 132x. This system comes complete with Aven's 22" LCD Monitor.

CYCLOPS HDMI DIGITAL MICROSCOPE WITH ULTRA GLIDE BOOM STAND

SKU	ITEM NAME	BASE DIMENSIONS	ARM LENGTH	MAGNIFICATION
26700-401-556	Cyclops HDMI Digital Microscope with Ultra-Glide Arm Stand	10.5in x 15in	23in	Up to 132x
