Portable Anti-Static Mat

Item code: IF145-202-5

DESCRIPTION

When it comes to electrostatic damage there is no point in taking risks. Whether you are away from the workbench or you don't have a workbench at all, this anti-static mat will ensure that your sensitive electronics are well protected.

Not to be confused with our other anti-static mat, this mat is easily folded, stuffed, and moved. But, that doesn't mean it will falter in protecting your electronics from static damage. This mat includes a grounding wire/clip and wrist strap.

- Surface Resistivity: 10^7 - 10^9 Ω
- 10 mm Grounding Snap
- 6 foot (1.8 m) 50 Ω Wrist Strap adjustable to XL
- 6 foot (1.8 m) 10^5 Ω Grounding Cord
- Designed to meet ESD S4.1 (Worksurfaces Resistance Measurements) and ESD S20.20 (ESD Control Program).
