920-0016-01 -
Qty. 10 2" Female Jumpers and 40 Headers

920-0017-01 - Qty. 100 2” Female Jumpers

2” Female Jumpers - 28AWG, UL1007, 80 deg C, 300V.

When buying jumpers from Schmartboard or any other source, consider the following:

- What gauge is it? There may be a reason it is not published. Ours are 28 gauge.
- Is there a UL approval? Temperature rating? Ours have them.
- Are the male or female ends of the jumper gold immersion? Many will try to save money by forgoing this process. Ours are all gold immersion which means better connectivity and less corrosion.
- Is the sheathing too thick to use in tight spaces? We use a process in the manufacture of ours to give you great insulation without adding great thickness which may impair your project when working in tight spaces.
